PROFILE SUMMARY

React-focused Frontend Developer fresher with strong foundations in JavaScript, HTML, and CSS. Experienced in building responsive, component-based user interfaces and interactive web applications. Developed multiple frontend projects and completed a software development internship with hands-on experience in UI development, debugging, and Git-based collaboration.

TECHNICAL SKILLS

Languages: JavaScript, Python, C++

Frontend: React.js, HTML5, CSS3, Tailwind CSS, JavaScript

Backend: Django, FastAPI

Database: MySQL, SQL

Tools & Platforms: Git, GitHub, VS Code, Postman

PROJECTS

Data Structure Visualizer | JavaScript, HTML, Tailwind CSS

- Built interactive visualizations with modular, reusable UI logic suitable for React-based architecture.
- Implemented animations, speed control, and dynamic state handling for enhanced learning experience.
- Designed clean UI with focus on scalability and component reusability.

Portfolio Website | HTML, CSS, JavaScript

- Developed a responsive portfolio showcasing projects and technical skills.
- Structured UI in a component-oriented manner aligned with React development practices.

Multi-Page Course Website (EduTec Services) | HTML, CSS, JavaScript, PHP, MySQL

- Developed authentication system and dynamic pages integrated with backend database.
- Designed responsive UI suitable for migration to a React frontend.

INTERNSHIP EXPERIENCE

Software Development Intern — Elite Software (July 2024 – August 2024)

- Built responsive UI modules using HTML, CSS, JavaScript, and Django.
- Debugged frontend issues and improved performance and usability.
- Collaborated using Git and GitHub in an agile development workflow.

EDUCATION

Bachelor of Engineering – Computer Engineering

Savitribai Phule Pune University, Pune (2023 – 2027)
